Asian Fusion Sushi Bar

At the intersection of traditional Japanese knowhow and contemporary Myconian gastronomy, our resident itamae expertly crafts gorgeous handmade sushi with a playful, creative twist.

From the glistening sapphire waters of the Aegean Sea to the cold depths of the North Atlantic and from the rice fields of Japan to the best organic farms on Mykonos, we source the finest ingredients from carefully selected suppliers locally and around the world to create some of the best sushi on Mykonos.

Our menu offers a variety of sushi styles, both traditional and contemporary, as well as a selection of Asian fusion favourites that are perfect for sharing, while the curated drinks list features premium Japanese sake alongside fine Greek vintages, craft beers and delicious cocktails.

Open from 12:30pm to 11:30pm.
